

XILINX, Citywest Business Campus

A photograph of a modern, light-colored building at night. The building has a curved facade and large windows. The Xilinx logo, consisting of a stylized 'X' icon followed by the word 'XILINX' in a bold, sans-serif font, is illuminated in white on the upper right portion of the building. Several bare trees are in the foreground, and a small, bright light source is visible near the base of the building. The overall scene is dark, with the building's lights providing the primary illumination.

The Landscape Concept.

To straddle a Ria

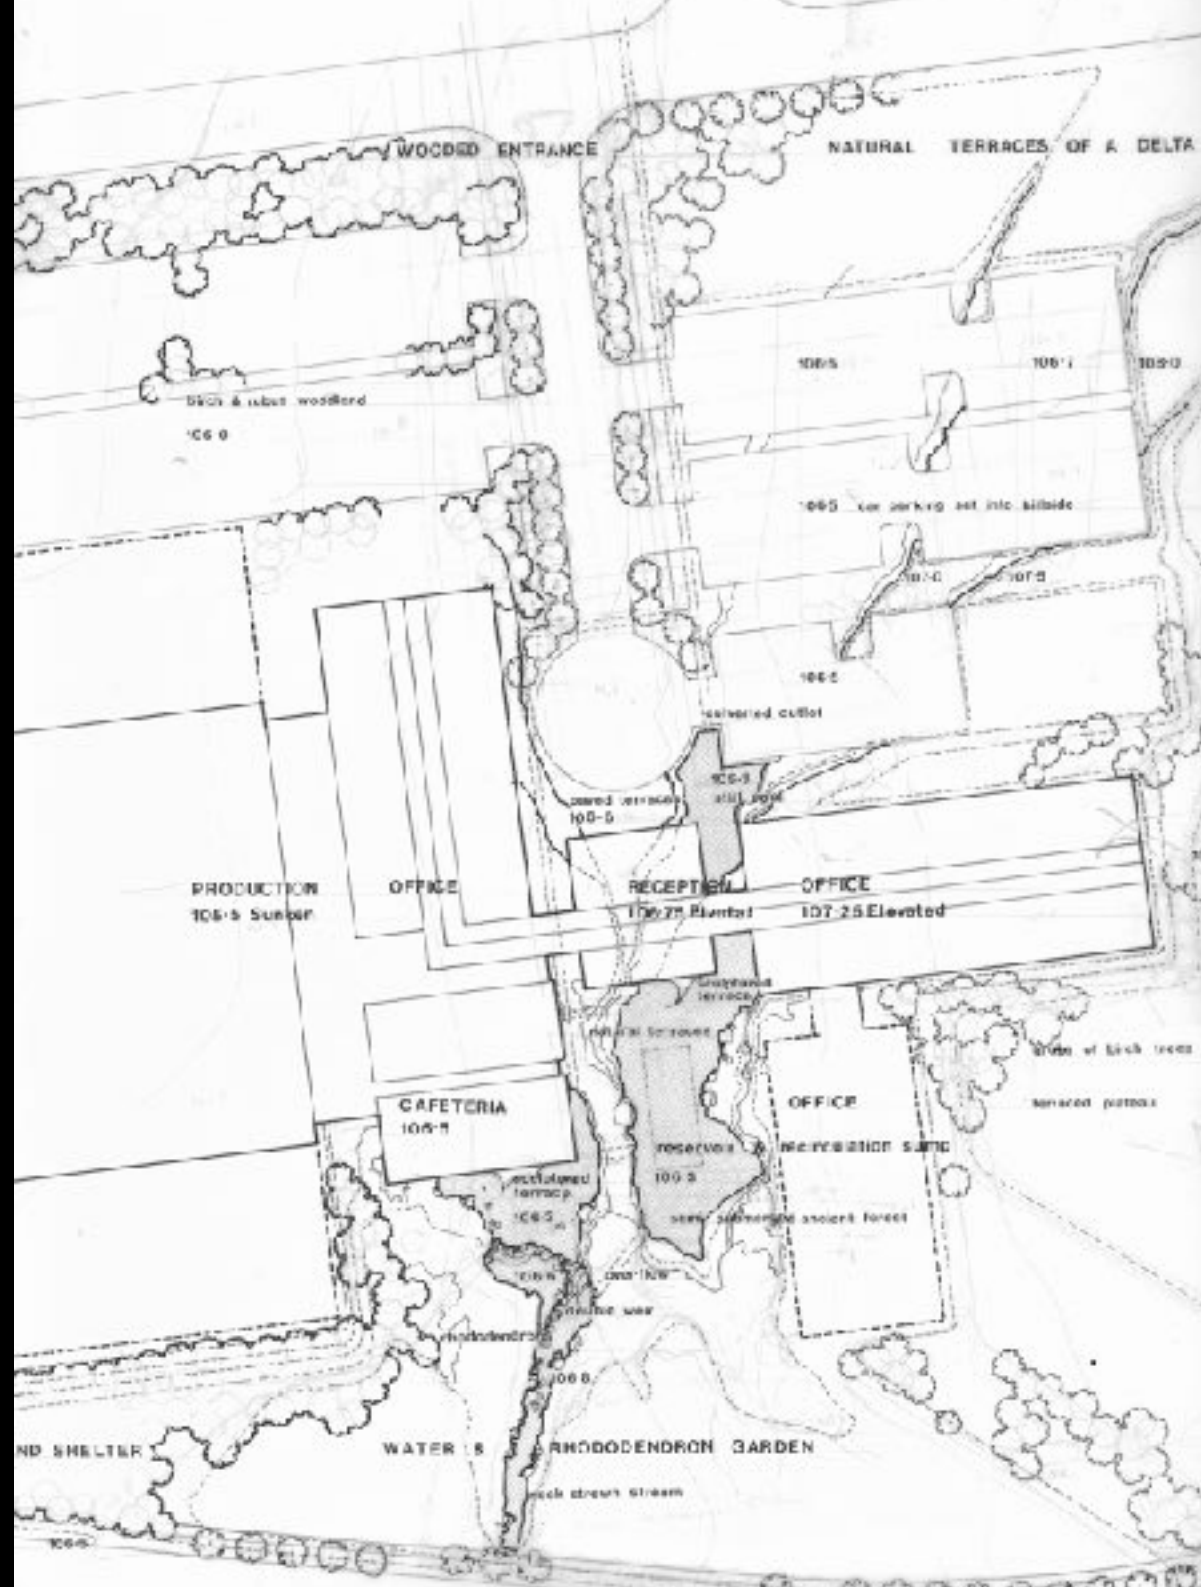

A Ria is a coastal inlet formed by the partial submergence of an un - glaciated river valley.

It is a drowned river valley that remains open to the sea.

Typically, Rias' have a dendritic, tree like outline.

The dendritic pattern
extends
to the
radiating
car park path system

The main lake with the dual function of a fire tank or reservoir
